DETAILED ACTION

Response to Arguments

1. Applicant's arguments 04/09/2008, see Applicant's remarks pages 11-12, with respect to claims 1-7, 10-37 and 39-65 have been fully considered and are persuasive. The rejection of these claims has been withdrawn.

Allowable Subject Matter

2. Claims 1-7, 10-37 and 39-65 are allowed.

3. The following is a statement of reasons for the indication of allowable subject matter: Claims 1 and 31 of the current application teaches similar subject matter as the prior art of Campbell US 5625756. However, claims 1 and 31 are allowed because prior of record does not teach of using a matrix of macro-pixels, having a plurality of rectilinear parallel rows. Each row comprises a number of micro-pixels forming rectilinear parallel columns across the matrix and each micro-pixel uses an on and off state, in which an on state includes the presence of color and off state includes absence of color. Also the micro-pixels are turned to the on state in a progression in a row.

4. It follows that dependent claims 2-7, 10-30, 32-37 and 39-65 are inherently allowable for depending on an allowable base claim.
